F5 Accreditations

Become fluent in F5 products and how to sell and integrate them into the customer environment. These accreditation programs help you to increase sales and grow deals:

- The **F5 Security Accreditation for sales and technical roles** will give you a framework and reference resource for F5's unique and powerful security solutions.
- The **F5 Sales Accreditation** helps sales professionals identify F5 sales opportunities.
- The **F5 Technical Sales Accreditation** provides sales engineers with information on F5's functionality, benefits, and core deployment architectures.
- The **F5 Traffix SDC Sales Accreditation** is intended for sales professionals who are selling F5's diameter solution into the Service Provider environment.

F5 Getting Started Series

Become fluent in F5 products and how to integrate them in your company's environment. The **F5 Getting Started Series** of free web-based training courses offers you the chance to:

-  Explore the features and functionality of F5 solutions and how to leverage them to solve typical business problems
-  Learn how to perform basic BIG-IP administration and configuration tasks
-  Discover the tools available for you to customize application delivery to meet your business needs
